

ISSO J-1 Scholar Portal Training Guide for Departmental Administrators

Requesting Departmental Access

If you do not have access as a Departmental Administrator, below are the steps you will follow to request access. Reminder: faculty members DO NOT need access to the portal. Instead, they will act as 'second approvers' and will be invited into the process via email.

- Go to <https://issoportal.charlotte.edu/> and Login with your NinerNET ID and Password

The screenshot shows the top of the ISSO Portal website. It features the UNC Charlotte logo and the text "ISSO Portal (DEV)". Below this is a heading "Welcome to the ISSO Portal Login Page" followed by a paragraph explaining the portal's purpose. A dark green button labeled "Current Students, Faculty, or Staff" is visible. Below it, a message states "For full access to your international services account, please log in with your NinerNet account." and a "Login" button. A box titled "Don't Have a NinerNet Account?" provides instructions for new students and scholars, with a link for "New Student/Scholar Login".

- Select Department for your user type

The screenshot shows the "Request Account" page on the ISSO Portal. It features the UNC Charlotte logo and the text "ISSO Portal". The heading "Request Account" is followed by a message: "We did not find an existing account in our system matching the login name you entered." Below this are three bullet points providing instructions for different user types. A note indicates that certain information is required. The user is prompted to select the type of user to log in as, with radio buttons for "Client" and "Department". The "Department" option is highlighted with a red box. A "Request Account" button is located at the bottom.

COMMENTS / REVIEW FOR SCHOLAR FINAL SUBMIT

English Proficiency Certification

The U.S Department of State requires all J-1 visiting scholars to meet a minimum English language proficiency requirement. This applies to prospective visiting scholars whose native language is not English. In order for UNC Charlotte to host a J-1 visiting scholar, the host department or professor must assess the prospective visiting scholar's ability to perform their job or complete their academic program in English.

As the Host Faculty, you must verify the scholar has demonstrated English proficiency with one of the following methods:

1. A standard English language exam
2. Completion of an academic degree in an English speaking country
3. With an English proficiency interview, conducted by Host Faculty

Please click the [Scholar Final Submit](#) eform link above to review information and attached documents submitted by the scholar. This is where they will have provided documentation of a qualifying exam or degree, or indicated that they will need an English proficiency interview.
