

Guide to Completing OPT STEM Extension I-765 Online

International Student Scholars Office
University of North Carolina at Charlotte

Instructions

Please note this presentation is for instructional purposes only. The following screenshots have been provided directly from USCIS. ISSO is not responsible for any changes made to the online application by USCIS.

Ultimately, it is your responsibility to carefully review the USCIS I-765 instructions and I-765 form, and to properly complete and file your application in a timely manner.

You must pay the \$225 STEM OPT Services Fee and request an I-20 from ISSO before you begin the STEM OPT 24 month extension process.

Important Reminders

- Your actual I-765 application for a STEM EAD from USCIS can be submitted up to 90 days in advance of when your current OPT EAD expires.
- You may only file Form I-765 online from within the U.S. You are not eligible to apply for OPT from outside the country.
- While filing Form I-765 online may be quicker and easier than filing by mail, it does not speed up the time required for USCIS to adjudicate your application. See the USCIS website for current processing times.
- Once you submit your application, you cannot go back to edit or change information. Please contact an ISSO advisor immediately if you believe you have provided incorrect or incomplete information when filing Form I-765. Failing to do so can result in Requests for Evidence (RFEs), processing delays, or the denial of your application by USCIS.
- You can still choose to file your I-765 using the paper process. However, do not apply both online and paper.
