

Guide to Completing I-765 Online

International Students and Scholars Office
University of North Carolina at Charlotte

Instructions

Please note this presentation is for instructional purposes only. The following screenshots have been provided directly from USCIS. ISSO is not responsible for any changes made to the online application by USCIS.

Ultimately, it is your responsibility to carefully review the USCIS I-765 instructions and I-765 form, and to properly complete and file your application in a timely manner.

You must request an I-20 from ISSO before you begin the I-765 application.

Important Reminders

- Do not submit an online application if you have already filed by mail. Duplicate applications may be denied by USCIS.
- You may only file Form I-765 online from within the U.S. You are not eligible to apply for OPT from outside the country.
- While filing Form I-765 online may be quicker and easier than filing by mail, it does not speed up the time required for USCIS to adjudicate your application. See the USCIS website for current processing times.
- Once you submit your application, you cannot go back to edit or change information. Please contact an ISSO advisor immediately if you believe you have provided incorrect or incomplete information when filing Form I-765. Failing to do so can result in Requests for Evidence (RFEs), processing delays, or the denial of your application by USCIS.
- You can still choose to file your I-765 using the paper process. However, as noted above in point (1), please do not file using both methods.

Benefits of Filing Online

- All information is submitted online. There is no mailing or postage cost involved
- You must complete all required fields before the system will allow you to proceed. This may mean less chances that your application will be rejected due to incomplete information
- Immediate receipt number
- You can use the online portal to respond to Requests for Evidence (RFEs)
- Updating your address/contact information in profile is immediate
- Can sign up for alerts on case actions
- You can save your work and come back!!!

Please triple check and review your application. The online I-765 form will indicate if there is any missing information.

Applicant's statement

You must read and agree to the statement below.

- I can read and understand English, and have read and understand every question and instruction on this application, as well as my answer to every question.

Step 27:

Read and agree to the applicant's statement

Copies of any documents I have submitted are exact photocopies of unaltered, original documents, and I understand that USCIS may require that I submit original documents to USCIS at a later date. Furthermore, I authorize the release of any information from any and all of my records that USCIS may need to determine my eligibility for the immigration benefit that I seek.

I furthermore authorize release of information contained in this application, in supporting documents, and in my USCIS records, to other entities and persons where necessary for the administration and enforcement of U.S. immigration law.

I understand that USCIS may require me to appear for an appointment to take my biometrics (fingerprints, photograph, and/or signature) and, at that time, if I am required to provide biometrics, I will be required to sign an oath reaffirming that:

1) I reviewed and understood all of the information contained in, and submitted with, my application; and

2) All of this information was complete, true, and correct at the time of filing.

I certify, under penalty of perjury, that all of the information in my application and any document submitted with it were provided or authorized by me, that I reviewed and understand all of the information contained in, and submitted with, my application, and that all of this information is complete, true, and correct.

Step 29:

Pay the \$470 filing fee with either a bank account (account and routing number needed) or with a debit/credit card

Payment is taken the next business day, and must be within the 30 days of I-20 issue date

Step 30: Biometrics

On December 12, 2025, U.S. Citizenship and Immigration Services (USCIS) released a photo and biometrics update outlining new requirements for how photographs may be submitted and reused for immigration benefit applications. USCIS no longer accepts self-submitted photographs and is limiting when previously taken photos may be reused. USCIS now accepts only photographs taken at an Application Support Center (ASC) during a Biometrics Services Appointment (BSA), or by other USCIS-authorized entities. This guidance is effective immediately and applies to all benefit requests filed on or after December 12, 2025.

Step 30: Biometrics

How the process works:

1. You will be notified via your USCIS Account that you have received a request for a Biometrics Appointment.
2. Within a few days, you should receive the actual appointment information: time, date, location. The day of your appointment, do not enter the building more than 15 minutes before your appointment time.
3. What to bring to your appointment: passport, ASC Appointment Notice (appointment information), and completed Applicant's Information Worksheet (AIW, second page of your ASC Appointment Notice).
4. During the appointment, they will verify your identity by taking your photo, collecting your signature and possibly taking your fingerprints. Once you complete these steps, you are DONE! There is nothing to be uploaded after this.
5. You should receive a USCIS case decision in the next few weeks.

Students have reported that these appointments take less than an hour to be completed. This will now be the new normal for OPT and STEM OPT applications that are pending with USCIS so please be mindful to check your USCIS online account periodically.
